Dear Professor Spencer,

Very many thanks for your letter of 15.1.1962, and for the box of material which has now arrived in good condition. I will send the parcel on to Mr. Hopkins at Tring, and pass the Arach to Dr. Evans of the Zoology department. As soon as I have worked through your collection I will return the material, keeping some of the duplicates for the collection here. I am most grateful to you for letting me see these specimens.

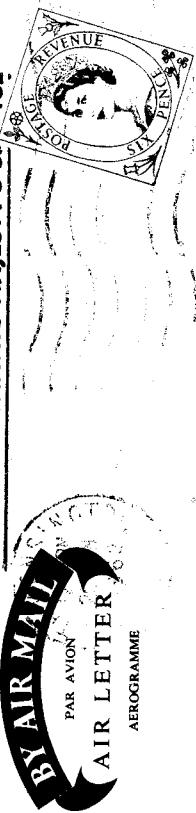

Yours sincerely,

Theresa Clay.
