Dear Dr. Werneck,

I was very pleased to get your letter and must apologise for omitting London from my address. I personally am not working on mammal Mallophaga and my cousin Colonel Meinertzhagen on whose collection I am working would be very pleased to hand over to you all his mammal Mallophaga, about 22 slides and a certain amount of spirit material and also to collect mammal Mallophaga in the future if you could in exchange let him have any bird Mallophaga which come your way.

Under separate cover I send two separates of papers, and I should be very pleased to have any of yours that you can spare.

yours truly,

*Theresa Clay (Miss)*
